

“

Dr. Casen has really embraced the importance of reaching people “where they are.”

The Cleveland Clinic

Dr. Casen DeMaria

Dr. Casen DeMaria gets to live out her dream job everyday as a chiropractor. As a registered massage therapist, Dr. Casen knew she wanted to continue to add value to the individuals she was helping each day, and enrolled at Life University where she received her Doctor of Chiropractic. Since joining The Drugless Doctors, Dr. Casen actively pursues new ways to reach and educate the community about the benefits of chiropractic, drugless care, and breast thermography, which includes successful partnerships with local businesses and women’s organizations. The insights she continues to learn have been subjects of her peer-reviewed journals,

When she is not helping people you can find her spending time with Dr. Anthony adventuring to new places and bike riding.

Education: Doctor of Chiropractic - Life University

Certifications: Webster Technique, CACCP in pregnancy and pediatrics by the International Chiropractic Pediatric Association (ICPA)

Popular Presentations: Women’s Health (Includes Breast Thermography), How To: Stress Less!, Raising Healthy Kids!
