

“

It's been a pleasure to have Dr. Anthony speak for us at TownHall. He has a great presence for public speaking and is extremely knowledgeable in his field

TownHall Restaurant, Cleveland.

Dr. Anthony DeMaria

Dr. Anthony DeMaria is a second-generation chiropractor who bridges traditional and emerging chiropractic techniques alongside nutritional advancements to the practice members who visit The Drugless Doctors from all over the world. This foundation was honed at Life University, where Dr. Anthony served as Valedictorian of his graduating class, and now represents the University as a member of their Alumni Board.

Since joining The Drugless Doctors, Dr. Anthony has complemented Dr. Bob and Debbie DeMaria's vision of helping others heal themselves without prescribing medication and can be regularly seen throughout the community with his wife, Dr. Casen DeMaria, promoting the benefits of a healthy lifestyle through chiropractic. He is also the author and co-author of three research studies on weight loss, Tourette's syndrome, and subluxation which can be downloaded to read at the bottom of this page.

When The Drugless Doctors' polo comes off, you can find him cheering on Cleveland sports organizations, or taking a bicycle ride with Dr. Casen in the Metroparks.

Education: Bachelor's of Science - Messiah College, Doctor of Chiropractic - Life University; Valedictorian

Certifications: Motion Specific Technique, Webster Technique, CACCP in advanced post-graduate training from the International Chiropractic Pediatric Association (ICPA).

Popular Presentations: What Should I Eat?! How To: Stress Less!

Available For: Speaking (Conference, Forum, Lunch & Learn, Panel), Guest Appearances (Podcast, Radio, Television)
